Dear James:

Well, we at Mt Hebron Middle School have a beautiful new front yard with plenty of trees and shrubs thanks to you, Lisa and the NJ Trees crew. We want to tell you how much fun it was for Margaret and I to meet with you in Somerset to choose and tag shrubs for Mt Hebron a month ago. And it bears mentioning how easy you made it for the crew to interact with the students during planting time last week.

You are an asset to NJ Trees, James. You are knowledgeable, and cheerful, and patient.

Thank you most sincerely from all of us at Mt Hebron to you and your crew at NJ Trees.

And, yes, we will be planting the 1,000 or so bulbs as soon as the kids return from spring break!

Sincerely,

Darlene Sneden

Parent Coordinator and Master Gardener

Mt Hebron Middle School
