Trenton, NJ 08625

Attn: Lisa Simms, Director

Dear Ms. Simms

On behalf of the entire Lenape Meadows School community, I'd like to thank the New Jersey Tree Foundation for planting the five beautiful elm trees that will grow proudly on our school grounds in the coming years. We held a tree planting ceremony last week, and our students enjoyed learning about how this generous gift connects to our school-wide study of environmental issues. Our students will one day inherit this planet we all share, and we are doing our best to teach them that it is a precious gift, indeed.

Thank you so much for working with Toshiba Corporation to provide our school with these beautiful trees. We are truly grateful!

Sincerely,

Christine Zimmermann
Principal
