RE: Tree Plantings – NJTF Green Streets and Cool Schools Initiative for the  
Township of Montclair

Dear Ms. Sims,

On behalf of the Township of Montclair I would like to once again thank you for the donation and planting of sixty-two trees throughout the Township on April 21<sup>st</sup>, 22<sup>nd</sup> and 27<sup>th</sup> of this year. The trees are a welcome addition to the Township and are appreciated by all. We have received compliments from council members, residents and business owners regarding your program.

Speaking with our Shade Tree foreman, Pat Sexton, and Township Arborist, Steve Schuckman, it is understood that the plantings went well and as always working with you and your staff was a pleasure. Schedules were set and maintained and the entire planting operation went very quickly and without problem.

The trees were a significant supplement to our regular spring and fall tree planting program and as we have mentioned previously, this is truly one of the most effective and worthwhile programs which are offered to municipalities. We appreciate being beneficiaries of your program and look forward to future program participation.

Very truly yours

Township of Montclair

Stephen C. Wood, P.E.  
Director of Community Services
